20th International Conference on Statistical Sciences:

Islamic Countries Society of Statistical Sciences (ISOSS)

The Islamic Countries Society of Statistical Sciences (ISOSS) was established during the First Islamic Countries Conference on Statistical Sciences (ICCS-I) held at Lahore on August 27-31, 1988 with the following main objectives:

- ❖ To bring together researchers and practitioners across discipline in general and statistical sciences, in particular from all over the world, with major focus on Islamic Countries through mutual exchange program;
- ❖ To promote the application of statistical sciences including computer and information technology for the development of Islamic Countries;
- ❖ To promote the use of computer technology, robotics and artificial intelligence in Islamic Countries; and
- ❖ To establish training centers to promote humanity and statistical education.

Background and Goals

The Islamic Countries Society of Statistical Sciences (ISOSS) is holding the 20th International Conference on Statistical Sciences devoted to all aspects of Statistical Sciences for the achievement of sustainability through the effective display of Role of Data Sciences in Meeting the Environmental Issues.

Imperial College of Business Studies

Imperial College of Business Studies, Lahore (ICBS) was established in 1991 by the Pakistan Benevolence & Social Management Trust. The initial development of ICBS was supported by academic collaborations with the University of Hull, UK. In 2002. It was chartered by the Government of Punjab as independent degree awarding institution (Imperial College of Business Studies Ordinance, 2002). ICBS is housed in a large and spacious purpose-built campus along the Canal Bank Road, Bahria/Shahkam Chowk, Lahore. The ICBS degree is recognized by the Higher Education Commission, Islamabad.

The Imperial College of Business Studies serves the national and international community through a broad spectrum of undergraduate, graduate and postgraduate studies, professional training, public service, research, creative activities and outreach programs. It offers highly market oriented academic programs in multiple disciplines including Engineering, Management Sciences, Computer Sciences, Architecture, Social Sciences and Humanities. The Imperial College of Business Studies has one of the most qualified groups of faculty members in the following disciplines:

- Faculty of Business Administration
- Faculty of Computer Sciences
- Faculty of Engineering and Technology
- Faculty of Art, Social Sciences and Humanities

ICBS aims at providing every facility possible to the students so that they can succeed in their academic and professional careers. Most modern infrastructure, state of the art laboratories, learning inductive classrooms and experienced faculty enhance the teaching of courses and their understanding to the students. Free use of computer labs with the friendly technical assistance makes learning things a fun. A state of the art auditorium and a uniquely equipped sports center deserve special mention as hallmarks of ICBS campus.

Conference Topics

Conference topics are as follows:

- 1) Role of Data Sciences in Meeting the Environmental Challenges
- 2) Environmetrics
- 3) Identification and bridging data gap challenges in estimation of Sustainable Development Goals (SDGs)
- 4) Advances in Statistics Techniques, Analyses and Methods
- 5) Big and SMOG Data Analysis
- 6) Advances in Data Science
- 7) CPEC: Statistical Challenges and its Impact on Socio-Economic Development and Implications for International Business
- 8) Biostatistics and Public Health & Healthcare
- 9) The Role of Data Science to Resolve Global Economic Challenges
- 10) Computer Science and Information Technology
- 11) Agricultural Sciences
- 12) Allied Medical Profession
- 13) Business
- 14) Engineering
- 15) Mathematics and Science
- 16) Social Studies and the Humanities
